By Program:						
Undergraduate programs not listed can be found in the 2008-2009 Catalog where more loosely defined learning objectives and goals are described. Also, each undergraduate program will go through a program review. In 2005-06 Life Sciences conducted their program review. 2006-07 program reviews were conducted in Computer Engineering, Computer Science, History, and Statistics. In the 2007-08 Chemistry, Comparative Literature and Foreign Languages (includes programs in Asian Literatures and Cultures, Classical Studies, Comparative Ancient Civilizations, Comparative Literature, French, Germanic Studies, Russian Studies, Language, and Linguistics), and Electrical Engineering. Currently in 2008-09 continuation of Comparative Literature and Foreign Languages, Mathematics, Music, and Psychology.
